Parent Participation:

Good parent participation is an essential factor in the running of a “successful club”.

Parents are encouraged to support and assist all club activities as much as possible. There are many ways to help: Attend meetings, working bees, fundraising, setting up and clearing away, volunteering at club nights, timekeepers, starter, referee, marshalling, cooking and many more small jobs.

Club History:

The CSASC was established in 1964, by the community of Collinsville & Scottville.

Our current Coach, Jenny Rush has been providing excellent knowledge and skills to our swimmers since 2017.

The club has had some great, talented and dedicated Coaches and Life Members over the years, to mention a few: Max Walker, Bob Clewes, Ernie Lote, Gay Morgan, Cindy Winston, Brian Morgan, Ronnie Carroll & Jenny Rush.

Every young swimmer who has been a member of the club was a champion in their own rights!

There were good years and bad along the way, but because of several dedicated families who did all the ground work, we are one of the few clubs that still exist today.

“Children to have fun whilst learning...”
